

## PLATO'S CLUB REGISTRATION and AGREEMENT FORM

### SESSION I: October 2nd - December 21st

- ◆ For students attending our After Care program, Enrichment Clubs are inclusive with no additional fees.

#### FOR NON-AFTER CARE/DROP-CARE ENROLLED STUDENTS:

- ◆ A completed registration packet and advanced payment, will be required for each student prior to participation in any club.
- ◆ A \$10.00 Enrollment Fee per student per session must be paid prior to participation to cover costs of supplies and/or equipment. (This fee does not cover uniforms or t-shirts)
- ◆ For Non-After Care enrolled students, Plato's Clubs will have a fee of \$10.00 per day per club. Please note that PAYMENT IS DUE IN MONTHLY FOR CLUB PARTICIPATION. Nonpayment by the end of the first week may result in possible disenrollment from Plato's Clubs.
- ◆ Parents must understand that it is their responsibility to pick students up promptly when the club ends unless the student is enrolled in the After Care Program. Please understand a late fee of \$1 per minute will apply, and continued late pick up may result in the student's disenrollment from Plato Academy's Enrichment Club Program.

In order for each club to be successful and for each student to receive a positive, enriching, and structured experience, space will be limited in each club. If any club has an overwhelming interest, we will make every effort to add additional clubs at another day and time. Please be advised that clubs may be substituted or cancelled due to lack of interest or staff. Due to inclement weather, clubs may also be cancelled. Every effort will be made to notify you due to a change in schedule as soon as possible.

I have read and understand the agreement form, club rates, and fees involved in Enrichment Clubs at Plato Academy Charter School. I also understand that failure to abide by these terms may result in disenrollment from Enrichment Clubs.

### **Jewelry Making-K-2 –Limit 10**

Students will design and create a variety of jewelry pieces to wear and share. Projects will include making necklaces and bracelets using a variety of materials such as beads, wire, buttons and thread. Other projects will include broaches and rings. -Mrs. Law

### **STEM Bin Builders-K-2 –Limit 10**

The students will be provided with various "STEM bins." Kids use whatever materials are in each bin (legos, dominoes, pipe cleaners, paper & tape) to build something - a house, a boat, a plane etc. They use trial and error to solve design problems. They would be able to work solo or in pairs. -Mrs. Capra

### **Playground Games– K-2 –Limit 10**

Each week we will be focusing on one type of Playground Games. We will learn Jump Rope songs, styles and skills. We will also learn about different Hopscotch boards as well as how to play 4-Square and Jacks. If you enjoy the playground and playing games-come join the fun –Ms. Sharae

### **Ed Emberley Drawing– K-2 –Limit 10**

Ed Emberley took the world by storm with his art books that could turn anyone into an artist! Using basic shapes, the students will learn to create a variety of drawings that they will be amazed that they created. This club is suitable for beginning artists as well as seasoned ones. -Ms. Mazzei

### **Greek Culture and Dance– K-2**

Our students have the amazing opportunity to learn about the Greek Culture as well as the Greek Language every day. Here is a chance to have even more fun learning Greek. The students will be learning traditional Greek Songs and Dances as well as learning about Greek Celebrations and Rituals in which they are used. –Kiria Angela

### **Aeronautics –K-2-Limit 10**

For those students interested in Aeronautics, this is for you. We will take part in a variety of activities including studying and testing paper airplane designs, exploring different types of planes, rockets and other flying machines. We will also conduct some small experiments. -Ms. Sharae

### **Yoga– K-2-Limit 10**

Each week, the students will learn to relax their minds and strengthen their bodies by learning new yoga moves. We will incorporate both meditation and classic yoga programs for this club.

**Yoga Mat Required -Mrs. Fox**

### **Young Science–K-2-Limit 10**

This club is for anyone who loves Science. Science Club is a program to encourage kids to explore science in the world around them and use the skills they are learning in the classroom to record their results. -Mrs. Davis

### **Art Therapy–K-2-Limit 10**

Enjoy winding down from the school day with intricate coloring sheets and soft music playing in the background. It is the perfect way to relax after a full day of learning! -Ms. Redero

### **Debate Club-3-5-Limit 10**

The debate club is a great place for students to explore the art of "organized arguing." Students will enjoy discussing current issues and if they don't already have a strong voice and good presentation skills, they will learn these abilities in a fun, safe club environment. Students learn to create arguments to persuade others in the club that their "side" is correct. **-Ms. Forbes**

### **Fun Fitness-3-5-Limit 10**

Fun Fitness gives kids a chance to be active, have fun, and jam out to their favorite music! This club will offer kid-friendly, choreographed Zumba and aerobic routines, learn about yoga, explore different cultures, promote a healthy lifestyle and make fitness a lot of fun. **-Ms. Simpson**

### **Prodigy Math- 3-5 -Limit 10**

Prodigy offers engaging interactives to practice their math! Use the anime-style avatars to travel the world and meet wizards and confront challenges. As math skills improve, your characters earn new spells that can be used only when math proficiencies are strengthened and expanded. The activities will differentiate, assign and review new math skills **-Mrs. Nar**

### **Artists Club- 3-5-Limit 10**

This club will explore the world of art by focusing on several famous artists. Each week, the students will learn about an artist and recreate one of their famous works of art. Some examples are: Jackson Pollack Splatter Painting, Frida Kahlo Self Portraits, Monets watercolors as well as Piet Mondrian's neo-plasticism among many more! **-Ms. Kane**

### **Plato Seminole Rocks!- 3-5- Limit 10**

I am sure that you all have heard! Rocking our local parks and business establishments with painted rocks has become the latest craze! This club will teach the children not only art skills, but also kindness and love as they create rocks with positive messages and humor to leave throughout their communities. Rocks and paint provided. **-Ms. Saxton**

### **Water Color Club-3-5-Limit 10**

Students will use watercolor paints to create their very own works of art! We will learn different painting techniques as we create a new painting or craft using watercolor paints each week. We will also play with crayons and salt to make some really wild works of art. For some of my more advanced artists, we will venture into using watercolor pencils. **-Ms. Kesmodel**

### **Gardening- 3-5-Limit 10**

For those of you with a green thumb, this club is for you. The garden is the place where students can learn about good food choices, build a love of nature and have positive social experiences with friends and teachers as well as develop an awareness of the environment and local ecology. We will learn techniques for gardening as well as proper tool usage and plant care. **-Kiria Kathy**

### **Writer's Club-6-8**

In Writers Club we will stimulate and develop creativity and writing skills. We aim to encourage and extend a child's creative writing skills, critical perceptions and imaginative faculties as a form of expression. Will be introducing many aspects of writing –characterization, plotting, structure, dialogue, description, style and language and different genres. -**Mrs. Lindley**

### **Foundations for Fitness– 6th-8th**

Foundations for Fitness gives middle schoolers a chance to be active, and learn about fitness! This club will offer a variety of exercise including but not limited to; choreographed Zumba and aerobic routines, yoga, running and group sports. We will learn about promoting a healthy lifestyle and making fitness a lot of fun. The students will also get a chance to choose what happens each week. –**Ms. Hawley**

### **School Newspaper– 6-8-Limit 10**

Students in newspaper club will engage in the process of researching stories, creating content, and publishing original work. Students will get a feel for how journalism and the media function in society by providing them hands-on experiences. Students will learn to interview, write journalistically, and produce a product that will be printed and submitted to PAS faculty and students. –**Ms. Sikes**

### **Table Tennis– 6-8**

Do you like playing Ping Pong, then this club is for you. Students will learn strategies for playing the game as well as terminology, scoring and how to play singles or in doubles. No equipment required. Just come to have fun. -**Mr. Millner**

### **Life Skills 101– 6-8**

Learn the tips and tricks that most adults wish they had known in middle school! Learn how to cook your own pasta dinner, how to pack a suitcase, sew a button or hole, wrap a gift, and more! We will learn these awesome skills through games, contests, and hands on activities! –**Mrs. Calkins**

### **Yearbook –6-8**

Calling 6th, 7th and 8th grade creative minds! We are looking for responsible, dedicated students to help us compile the 2017-2018 Plato Academy Seminole yearbook. Please bring your camera and computer skills with you! -**Ms. Jones**

### **Basketball– 6-8**

If you love playing Basketball, then join in. We will be practicing skills in dribbling, throwing, catching and shooting a regulation size basketball. The students will practice in teams and have one game a month during clubs. -**Kirios Kyriakos**
